

New Parking

The new office parking area is complete. Please use the available spaces when spending time in the clubhouse so we can keep open the old parking area for Visitors and Day Passers.

Parking for golf carts is on the right and parking for automobiles is on the left.

Safety First

Please follow the posted speed limits. We wish to avoid any accidents involving children riding bicycles and people walking dogs...not to mention all of the dust.

We are making new speed limit signs and offering a prize to anyone who submits a great short phrase that we use on one of our signs.
